Beaumont Console Table

Beaumont Unique Console Table with a white stone top and a bronze demilune frame. A unique console table handmade to order.

Simple and elegant semi-circle leg frame and finished with a white stone top.

Adam says: "The curved form has always been incredibly inspiring to me. The fluid and organic nature of curves creates a sense of movement and grace, even in static designs.

The Beaumont uses curved forms to add a sense of softness and elegance, as well as a sense of dynamism and energy."

The smooth, matte finish of the limestone provides a striking contrast to the bronze frame, which has been expertly crafted to highlight the beauty of the metal and create a sense of refinement and style. The straight lines and minimalist design of the frame give the table a sleek and modern feel, while the natural textures and variations of the limestone provide a tactile and welcoming touch.

Overall, the shape of the Beaumont console table is both modern and timeless, making it a perfect choice for anyone looking for a beautiful piece of furniture that will stand the test of time

Featured Finish: Flamed Bronze & Limestone
