## Genesis Console Table

Genesis Console Table Bronze & Stone has an intricate bronze framework inspired by nature, topped with white marble. Handmade to order to your specifications.

Nature-inspired handmade metal legs in a tree root formation.

The origins of design for this console table are rooted in organic structures: tree branches and roots. With a natural flow, the table design carefully marries a softer organic feel, with sharp, thorn-like edges.

This table has hammered metal frame with a white limestone top.

Available in bespoke sizes with a choice of finishes and tops.
