Icicle Console Table Silver

Our unique Icicle console table is a sculptural Gold Luxury Console Table inspired by icicles. White stone tabletop with bronze frame. Handmade to order.

The icicle form is incredibly inspiring to me. The elongated, tapered shape and the way it catches the light creates a sense of movement and fluidity, even though the icicle is a solid, stationary object.

The way icicles form and grow, slowly and methodically, is a reminder of the power and beauty of natural processes.

The variations in size, shape, and colour that can occur within a single icicle, adds a sense of spontaneity and uniqueness to their form, evoking a sense of the natural world.

Available in bespoke sizes with a choice of finishes and tops.
