Liberty Console Table

The Liberty Console Table, part of our luxury bronze console table collection, is a dark bronze console table with a curved leg design. Handmade to order.

Adam Williams presents the Liberty Console table. An impactful grey/black lightly textured metal table with full side panels with curved corner detail.

Please note that each of our steel tables is individually handmade and finished, which means no two pieces are exactly alike. While the surface appears smooth in images, up close you may notice subtle fabrication marks and natural variations in the steelwork. These are part of the table's character and craftsmanship — not flaws — and are inherent to this style of fabrication.

Available in bespoke sizes with a choice of finishes and tops.

* Dimensions are provided as a guide, all Adam Williams Design products are made by hand and variations may occur in some products. **Lead Time:** Approx. 8 weeks
